Winning Ways Clinic and Tack Sale

March 11, 2017
Penn State's Snider Agricultural Arena

Back by popular demand, the format used for many years, this is the tack sale that allows sellers to deliver properly tagged merchandise in the morning, and pick up unsold items at the end of the day. PQHA/PQHHA will be responsible for displaying, monitoring, and conducting all sales. Sellers will be free to watch the clinician, and not be tied to "their table."

As one of the top tack sales in Pennsylvania, don't miss out on the huge variety of equine related items available. From very basic everyday items to fancy show items, this is the place to buy and sell your gently used, or new treasures!

As a fund raiser for the PQHHA, we invite everyone to take advantage of preparing for the new horse season by listening to a to Quarter horse trainer/clinician while buying and selling your equine items. All under one roof, what better way to reunite with last year's friends and maybe even take home a bargain or two!!!

For tack sale info go to www.PQHA.org . To reserve a consignor's number or for any questions, contact Corina Vogt by calling or texting 814-483-6033 or email vogtcorina@gmail.com

Hope to see you there!!!
